

In Memory Seed Cards

Saying goodbye to someone we love is never easy, but there are special ways we can remember them. Memorial seed cards are one of these ways. It's something that family and friends can plant in memory of a loved one. When they grow they are a special reminder of the person you love.

This may be something you want to do as a family, but it's also something that adds a personal touch to a funeral or a natural burial. We are all unique & live different lives so we have created a few different designs to choose from. We hope that you find something special to you. If not please get in touch, if we can help with a design we will.

Choosing your seed card.

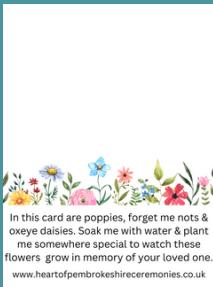

We think it's really important you know exactly what you are planting. we have 4 different seed cards you can choose from. Three of these have wildflowers native to the UK. These options are:

- Corn Poppy Seed Card
- Oxeye Daisy Seed Cards
- Wildflower mix (this contains Corn Poppies, Forget Me Nots & Oxeye daisies).

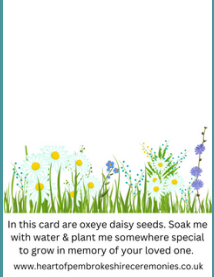

There is also the choice of Lavender seed card (not a native to the UK).

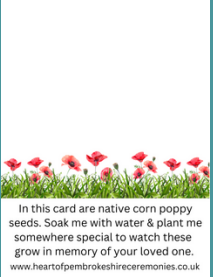

In this card are lavender seeds. Soak me with water & plant me somewhere special to watch these grow in memory of your loved one.

Make it personal

On the back of each seed card is a description of the seeds within & planting instructions. There is room to include a short handwritten message and it's up to you if you want us to include 'Share a message' on your seed cards for family & friends.

You can keep these cards really simple with 'Plant in Loving Memory', or you can personalise the front of the seed card to include a name.

Seed cards are approx. 7cm x 9.5cm. Orders start from 18 cards & go up in increments of 9 (e.g. 18, 27, 36 etc). This allows us to keep everything as eco-friendly as possible and means there is no wastage.

If you would like to attach seed cards to an order of service we can include miniature wooden clips for each card. Let us know if this is something you would like to include in your order.

To have a chat with us about your requirements & prices please get in touch. We can also email a larger copy of our designs.
